

Maria Bonete

Madrid, Spain • bonetesalmeron@gmail.com • +34608566430 • [LinkedIn](#) • [Portfolio](#) • [GitHub](#)

Motivated front-end developer with a design/artistic background and technical experience from self-study and hands-on project work focused on React, JavaScript, Node.js, and CSS. Effective communicator with native Spanish and advanced English (CAE/C1) skills. Seeking opportunities to contribute to impactful web development projects and continue learning and growing.

PROFESSIONAL EXPERIENCE

Front-end developer, CaneLab Ltd. - Remote

Aug 2022 - Present

A software consultancy specializing in tailor-made solutions for startups and small-sized businesses.

- UI development with JavaScript/TypeScript, including React/Next.
- Created UX/UI designs using Figma and translated them into CSS and components using styled-components.
- Conducted testing and ensuring code quality with Jest.
- Integrated REST APIs for data and functionality.

Freelance Front-end developer, UpWork. - Remote

Sept 2023 – Oct 2023

An app facilitating dynamic story creation and storage through diagrams and audio files, tailored for story creators' needs with a user-friendly interface.

- UI development and REST APIs integration with TypeScript, React. and Redux (RTK and RTK Query).
- Transformed Figma designs into CSS and components, contributing to design decisions.
- Provided feedback and made corrections in collaboration with other freelance team members.

PROJECTS

- [Mago del Regalo](#) - Currently building front-end for Mago del Regalo ("the gift wizard"), an AI-powered app that eliminates the challenge of finding gift ideas. Developed utilizing Next.js, TypeScript, MaterialUI, React Query, and Styled Components.
- [Guess The BPM \(GitHub repo\)](#) - Independently built a web-based game using React and Styled Components that enables users to try to guess the beats per minute of a song by tapping their mouse to the beat in rhythm. The page features an integration with the YouTube API to serve videos and has i18n internationalization for both Spanish and English language.
- [Portfolio \(GitHub repo\)](#) - Independently built a responsive portfolio page from scratch using JavaScript, Next.js, SSR, and Styled Components.
- [Homely \(GitHub repo\)](#) - Created proof of concept for a minimal real estate platform integrated with a CRUD API, built using React, React Hook Forms, React Query, Axios, MaterialUI, and Styled Components.

EDUCATION, CERTIFICATION, & TRAINING

BA Art History, Complutense University of Madrid

- Community of Madrid Excellence Scholarship (2019 - 2021), 17 honors distinctions, Bachelor's Degree Extraordinary Award (9.48/10)
